SUMMARY

Multimedia Engineering Technology student with hands-on project experience in graphic design, visual branding, layout, social media content, video editing, and video content creation. Experienced in creating promotional posters, Instagram content, merchandise visuals, campaign materials, and short-form videos for student organizations, communities, and F&B projects.

EDUCATION

Telkom University | 2023 - Present

Bachelor of Applied Science in Multimedia Engineering Technology | GPA: 3.41/4.00

ORGANIZATIONAL EXPERIENCE

HIMATREDIA - Entrepreneurship Division Staff | April 2024 – December 2024

- Supported student merchandise, marketplace, and fundraising initiatives within the department.
- Assisted promotional strategy, product coordination, and campaign execution for department activities.
- Collaborated with team members to prepare campaign needs, ordering materials, and visual content requests.

PROJECTS

Personal & Friend-Assisted Design Projects - Graphic Design | 2026 – Present

- Created a collection of personal and friend-assisted design projects focused on branding and visual communication.
- Designed posters, social media content, campaign graphics, and promotional materials.
- Produced event documentation visuals and marketing assets for various creative projects.
- Strengthened visual communication through consistent and engaging design solutions.

LariAH Running Community - Visual Branding & Social Media Design | 2025 – Present

- Developed the visual identity for a local running community.
- Designed logo direction, Instagram content, event posters, and Sunday Fun Run materials.
- Created registration content, route information, and educational social media posts.
- Delivered a cohesive branding system to strengthen the community's visual identity and event communication.

Slice & Sip - Branding & Social Media Design | September 2025 – December 2025

- Developed the visual identity for a student-led F&B entrepreneurship project.
- Created brand direction, logo concepts, Instagram content, and short-form promotional videos.
- Designed promotional materials, menu visuals, Market Day posters, and product showcases.
- Delivered a cohesive branding system to strengthen product promotion and campaign consistency.

Golden Project (HIMATREDIA) - Merchandise & Promotional Design | April 2024 – December 2024

- Led the visual design and branding for Golden Project, the Entrepreneurship Department's flagship program at HIMATREDIA.
- Designed promotional materials including Instagram posts, stories, posters, banners, and campaign visuals.
- Created merchandise designs for T-shirts, tote bags, stickers, keychains, lighters, and other promotional products.
- Produced marketing assets and supporting materials to strengthen branding and support product sales initiatives.

MAPS 2024 - Promotions Team | October 2024 – December 2024

- Produced a series of five promotional TikTok videos for MAPS 2025 to support the event's social media campaign.
- Planned, edited, and optimized short-form video content to increase audience engagement and event awareness.
- Applied storytelling, motion graphics, subtitles, transitions, and sound design to create engaging promotional content.
- Collaborated with the promotion team to deliver consistent and visually appealing content aligned with the event's branding.

TRAINING & CERTIFICATIONS

JayJay School

Video Content Creation | July 2025 – July 2026

- Learned the video content production process, from planning and shooting to final editing
- Developed content concepts, content plans, storyboards, and scripts for short-form videos
- Practiced video shooting techniques, including composition, camera angles, lighting, and audio recording
- Edited videos using Adobe Premiere Pro and CapCut, including cutting, transitions, subtitles, sound effects, and color correction
